

MAP & SITE FINDER for Time - Temporary Installations Made for the Environment

www.timenm.com

Scan QR to hear audio and written Navajo translation.

WELCOME - Art in Public Places of New Mexico Arts sponsored the artists for *TIME: Harmony in The Making*. We are pleased to have permission to exhibit on the Navajo Nation.

From Clarenda Begay, Curator of Navajo Nation Museum, regarding etiquette "When you are in the Navajo Nation, please be courteous to the people and the land. Do not take anything from the land, such as rocks, shards, and earth. Please get permission to photograph." If you have questions, please contact the Navajo Nation Museum: (928) 871-7941.

The location sites were selected by the Navajo Nation Museum and each site is numbered. This map is designed for the visitors who are using a GPS, Smartphone, iPhone, or iPad. Once scanned, the QR code provides you with information about the artist, images of the site-specific art installation, the site selected, the cultural advisors, and details about the installation. (A suggested free application for your phone is NeoReader, a QR-reader app.)
