*For lasting memories,* visit the

Verde Valley – recently named one of the Top 10 U.S. travel destinations by *Lonely Planet*. Located in the 'heart' of Arizona, the Verde Valley is ideally situated above the heat of the desert and below the cold of Arizona's high country. Surrounded by the red rocks of Sedona to the northeast and Mingus Mountain to the southwest, its low elevation of 3,300' and moderate climate are enjoyed year-round.

Ancient civilizations, with their unique history and cultures are also here to explore. State parks, historic sites and enticing attractions offer activities for all ages. The Verde River provides opportunities for float trips, along with wonderful habitat for one of the Southwest's largest concentrations of resident and migratory birdlife. There is an assortment of hotels, bed & breakfasts, RV Parks, campgrounds and restaurants to choose from. Plan to stay a few days; you will need them to see all there is throughout the Verde Valley.

■ Cottonwood

*The small towns* of the Verde Valley showcase the best of Arizona's quaint communities. All are within a 30 mile radius with an estimated population of 60,000 - each offering visitors a unique experience.

In the shadows of Mingus Mountain and in the heart of the Verde Valley, **Cottonwood** offers a distinctive historic district lined with shops and restaurants on its Main Street.

History is alive in nearby **Clarkdale**, whose homes and buildings still reflect its early copper smelting heritage. Four specialized museums focus on Native American cultures, international copper art, and local railroad and town history.

**Cornville/Page Springs** offers wineries, tasting rooms and a relaxed take on some of Arizona's most pristine high-desert scenery.

**Camp Verde**, located in the geographic center of Arizona, is rich in history and offers a

variety of recreation and outdoor activities to experience and enjoy.

A Verde Valley excursion wouldn't be complete without a journey up the hill to **Jerome**, the “City in the Sky.” Once a thriving mining camp of 15,000, Jerome acquired “ghost town” status by the 1960s. Today, entrepreneurs have

restored many of the quaint buildings that cling to the mountainside and the town now dishes out artsy boutiques and panoramic views in equal measure.

Speaking of views, **Sedona's** stark, giant, red rock formations are so compelling, they cause grown men to take up painting or poetry. Toss in dozens of superb shops, galleries, restaurants and recreational opportunities, and Sedona has found a magical elixir.

## *The Verde River,* one of Arizona's

last free-flowing rivers, sustains a large regional wildlife population as it flows through 36 miles of lush riparian habitat in the Verde Valley. This stretch of river is known as the Verde River Greenway. The 3,300 foot elevation means mild temperatures for hiking along the Verde, canoeing, bird watching, picnicking, fishing, or just wading in the cool water.

Life along the river changes with each season, giving visitors a glimpse of great blue heron, black-hawks, ducks, coyotes, raccoons, mule deer, beavers, frogs, turtles, snakes and toads. The Verde River and surrounding riparian corridor support nearly twenty threatened or endangered species including river otter, southwestern bald eagles, southwestern willow flycatchers, and lowland leopard frogs.

The most significant natural resource in the Greenway, besides the year-round flowing river, is the dense forest of riparian trees and shrubs along its riverbank. This Fremont Cottonwood & Gooding Willow Riparian Gallery Forest is one of five remaining stands in Arizona and one of 20 such stands in the world.

Recently created public river access points are available in several locations along the Verde River. For detailed information and maps, visit [verderivergreenway.org](http://verderivergreenway.org). Use your personal equipment or take a guided tour. For guided options, see our Attractions section.

*Birding and Wildlife* watching in the Verde River Valley is educational and fun. A diversity of habitat attracts nesting birds and many migratory species that find this a great place to rest on their seasonal journeys. Spring is the best time to bird, but one can find interesting sightings any time of the year. The best sites are around water. Our canyons, grasslands and elevation changes provide dynamic variations in what can be seen. Find a path meandering along the riverbank or up a canyon and you'll spot birds. ■ Bird Watching

■ Vermilion Flycatcher, Michael Durgain

■ Road Runner

**Several Audubon Important Birding Areas (IBA)** are located in the Valley including the Lower Oak Creek and the Tuzigoot. Places to visit for great birding include:

- Dead Horse Ranch State Park
- Tavaschi Marsh - accessed from Tuzigoot National Monument or Dead Horse Ranch State Park
- Bubbling Ponds at Page Springs - has a maintained path
- Red Rock State Park - offers guided bird walks.
- Sedona Wetlands Preserve - Observation Deck.

The annual Verde Valley Birding and Nature Festival, held the last full weekend in April, is a great way to experience birding with those who share this growing hobby. [birdyverde.org](http://birdyverde.org)

### **Palatki Ruins**

Palatki (Hopi for “red house”) is a cliff dwelling sheltered in a Supai sandstone overhang, constructed by the Southern Sinagua people who inhabited the area from approximately 650 to 1300. A most outstanding pictograph site, walls display art from archaic cultures extending back over 6,000 years to the work of the Sinagua, the Yavapai and Apache Tribes of historic times. With a phenomenal trail system, the park offers many opportunities for wildlife viewing, bird watching, fishing, hiking, biking and horseback riding. Trail rides by Trail Horse Adventures are available in the park, 866.958.7245. Over 100 species of birds have been identified in the immediate confines of the park, which is home to the Verde Valley Birding and Nature Festival in April, [birdyverde.org](http://birdyverde.org). Fee area. Allow half day. 928.634.5283.

### Red Rock State Park - Center for Environmental Education

Hiking trails and beautiful vistas attract visitors to this unique park nestled along the riparian cottonwood/sycamore corridor of Oak Creek. ### Slide Rock State Park

Slide Rock State Park offers an easy walk past old cabins and the flourishing famed Oak Creek apple orchard. Continue on to the stairs and trail that leads to Oak Creek, where water rushes through natural red rock sluices. In the summertime, kids and adults love to ride the water down these sluices, sunning themselves afterward on the rocks. 928.282.3034.

### Oak Creek Canyon

The "switchbacks" of Oak Creek Canyon may seem a bit unnerving, but are well worth the drive to the top. The Scenic Overlook offers a fantastic view of the Canyon and beyond. There may be Native American hand-made jewelry and craft items to pick up as an authentic souvenir. Oak Creek Visitors' Center, 928.282.4119.

### Red Rock Crossing, Cathedral Rock and Crescent Moon Recreation Area

At Crescent Moon Recreation Area, visitors walk along Oak Creek and see impressive views with unbelievable photo opportunities of Cathedral Rock. Fee area. Sedona Ranger Station, 928.282.4119. Crescent Moon/Red Rock Crossing, 928.204.1389.

## Scenic Beauty

Take a leisurely drive on Historic Highway 89A from the top of Mingus Mountain down through the historic copper town of Jerome on the zigzag descent down Cleopatra Hill. Catch your breath in the old company mining town of Clarkdale. Plan to spend plenty of time as you continue on to Old Town Cottonwood taking in the historic buildings and plenty of culinary delights. Continue on Hwy. 89A taking a detour on Historic Page Springs Road to visit the three beautiful vineyards and wineries on the Verde Valley Wine Trail. Back on Hwy. 89A view the breath-taking red rocks as you approach Sedona. Complete the trip with a drive through the switchbacks of Oak Creek Canyon to the beautiful Scenic Overlook.

## Native American

In the morning plan to explore the ancient Indian dwellings at the Palatki and Honanki Ruins outside of Sedona. Be sure to make reservations in advance. Continue on to Camp Verde for a visit to the Verde Valley Archaeology Center to see ancient artifacts from across the Verde Valley. Next, try your luck at Cliff Castle Casino on the Yavapai-Apache Nation. Enjoy lunch at one of their popular restaurants before heading over to Montezuma Castle National Monument. View this five-story, 20-room "castle," which stands in a cliff recess 100 feet above the valley floor. Nearby is Montezuma Well where you can climb down the sinkhole which has a year-round water source and see the caves once occupied by Native Americans. The outlet of the spring is seen as you continue along the trail.

■ Dead Horse Ranch State Park

In Clarkdale visit Tuzigoot National Monument, an entire village centered on a pueblo two stories high and built on a hill 120 feet above the Verde River.

### History, Arts & Culture

Start your morning with breakfast and a stroll through Cottonwood's Historic "Old Town" District, listed on the National Register of Historic Places. Then follow Historic Highway 89A to Clarkdale's Arizona Copper Art Museum, located at the center of the Clarkdale Historic District. Stroll through the commercial district, town park and enchanting neighborhoods from the early 1900s and view the work of local artists. Then continue on to Jerome, where a stop at the Jerome State Historic Park brings to life the ghost of its mining past. In the afternoon take a ride aboard the Verde Canyon Railroad for a four-hour trip through the Verde Canyon. After the train ride, enjoy a true western experience with a chuckwagon supper and western stage show at The Blazin' M Ranch Western Experience. Or attend a concert, theater, comedy or dance event at Old Town Center for the Arts.

### Recreation

Set an early tee time for a challenging round of golf at Verde Santa Fe Golf Club or Coyote Trails Golf Course. Or maybe Disc Golf is more your style at Riverfront Park in Cottonwood. Fishing, hiking, horseback riding and bird watching provide an excellent afternoon of relaxation at Dead Horse Ranch State Park. Enjoy a Jeep tour in Sedona and finish the day shopping in any one of the many Verde Valley communities that offer a vast array of opportunities including antique stores, specialty shops and fine art galleries.

Spend a day on an African Safari in the heart of Arizona at Out of Africa Wildlife Park. Ride or walk through a preserve viewing a diverse variety of animals including giraffe, wildebeest, lions and tigers.

### Wildlife & Birding

The Verde Valley is known for its access to the natural resources that attract wildlife. Visit Dead Horse Ranch State Park and take a trail to Tavasci Marsh with its own observation deck. The marsh and the Verde River Greenway have been designated as Important Bird Areas. From there, travel down Historic Page Springs Road to Page Spring's Bubbling Ponds, then on to Page Springs Fish Hatchery.

Page Springs Cellars is a family owned winery tucked into the volcanic landscape overlooking pristine Oak Creek. Visit our Tasting Room located just 15 minutes south of Sedona for a true taste of Arizona.

The Verde  
Canyon Railroad

*Founded in 1912,* Clarkdale, with a current population of around 4,000, is unique in American history as Arizona's first model company town. A product of the City Beautiful movement, Clarkdale housed smelter workers of the United Verde Copper Company, owned by railroad baron and copper tycoon Senator William A. Clark. Today, Clarkdale Historic District, comprising 386 structures, is an architect's and history buff's dream. An upscale wine bar, lounges, restaurants, museums and galleries, shops and an historic gas station keep the historic business district lively. Many of the newly developed public Verde River access points are in Clarkdale. The historic building and home tour is one of the many annual events held in Clarkdale.
