# Gitchi-Gami State Trail

Lake and Cook Counties

When complete, the Gitchi-Gami State Trail will connect Two Harbors to Grand Marais along the North Shore of Lake Superior. Much of the trail alignment will be located in Highway 61 right-of-way or on abandoned segments of Highway 61. However, there will be several segments that leave the right-of-way allowing the trail users to sample a diversity of the North Shore's varied environments.

This 86 mile trail will eventually connect five state parks, several communities, four Scientific and Natural Areas, numerous historic sites, and provide vistas of Lake Superior. Trail users will travel through birch and aspen forests, cross numerous cascades and waterfalls, and have the opportunity to access beaches of Lake Superior.

Approximately 29 miles of the Gitchi-Gami State Trail have been completed. The longest segment is 14.6 miles long. This segment starts in Gooseberry Falls State Park, travels through Split Rock Lighthouse State Park and ends at the Beaver River in Beaver Bay. Parking for this segment is available at picnic flow parking lot in Gooseberry Falls State Park, Twin Point Public Water Access, the Trail Center in Split Rock Lighthouse State Park, and the trail head parking lot in Beaver Bay near the Beaver River.

This trail requires a permit for anyone cross country skiing. For more information about the Ski Pass, please call the DNR Info Center at 1-888-MINNDNR or check the website at [mndnr.gov](http://mndnr.gov)
