

Beaten Path Nordic Trails

October/2012

If you are unfamiliar with our trail system, be sure to take this map with you. The colour scheme on the map corresponds to colour-coded markers posted at all trail intersections. They will help you to stay oriented.

The trail system is maintained mostly by volunteers, and although we do our best, trails may not be fully groomed at all times. Memberships and donations are appreciated. Contact Lise Sorensen at 807-597-2480
