

WILDFLOWER BLOOM SCHEDULE BY HABITAT

Blooming times overlap during the seasons and are influenced by many factors: immediate and past precipitation, elevation and temperature of current seasons compared to average. Many plants begin flowering at low elevations and bloom higher as summer season progresses. Some habitat divisions used here have micro sites in them, such as montane with moist, open, or dry areas which complicate plant species occurrence.

	GRASSLAND AND FOOTHILLS	MONTANE FOREST	RIPARIAN AND WETLANDS	SUBALPINE AND ALPINE
APRIL	buttercup			
	pasque flower	fairy bells		
	Scouler's willow	mountain maple		
MAY	kittentails	highbush cranberry	mitella mitrewort	western spring beauty
	yellow fritillary	heartleaf arnica	skunk cabbage	steer's head
	bitterroot	Oregon grape	trillium	alpine chickweed
	arrowleaf balsamroot	woodland star	alpine laurel	sticky arnica
	<i>Douglasia montana</i>	cutleaf daisy	water crowfoot	alpine forget-me-not
JUNE	rosy pussytoes	pointed mariposa lily	blue camas	parrot's beak
	yellow penstemon	queencup bead lily	marsh marigold	bear grass
	Alberta penstemon	mountain lady slipper	white rhododendron	alpine buttercup
	shrubby cinquefoil	kinnikinnick	American bistort	American bistort
	mountain lover	blue camas	field mint	alpine wallflower
	clarkia	Canadian violet	stream violet	moss campion
	silky lupine	roundleaf alumroot	butterwort	rose root
	blue flax	bunchberry	yellow monkeyflower	alpine aster
	red paintbrush	orange honeysuckle	blue monkshood	smelowskia
	nodding onion	calypso orchid	coltsfoot	Parry's townsendia
	princes' pine	woods rose	brook saxifrage	bronze bells
	thimbleberry	Utah honeysuckle	spotted saxifrage	Cous biscuit root
	prairie smoke	little blue violet	Lewis monkeyflower	white mountain avens
JULY	bunchberry	showy aster	cotton grass	wooly pussytoes
	sulphur flower	mountain spray	white bog orchid	harebell
	shaggy daisy	fireweed	water smartweed	rose crown
	blanket flower	birchleaf spiraea	yellow water lily	silky phacelia
	lanceleaf stonecrop	pinedrops	sub-alpine spiraea	bracted lousewort
	foam flower	little larkspur	western St. Johnswort	mountain dryad
	nine leaf lomatium	meadow rue	elephanthead	partridgefoot
	cutleaf daisy	striped coralroot	cow parsnip	elliptic-leaved penstemon
AUGUST	Canadian goldenrod	roundleaf violet	white mountain heather	mountain sorrel
	sticky geranium	pearly everlasting	explorer's gentian	pink mountain heather
	Spalding catchfly	dogbane	fringed grass of parnassus	alpine monkeyflower
		one-sided wintergreen	<i>Potentilla palustris</i>	rock mat
