## MISSION

The Friends of the Museum of the Plains Indian is a unit of the Museum of the Plains Indian Artist Association, which was formed in 2004 to support and preserve Plains Indian culture and heritage through the arts. We support individual artists and craftspeople by providing support for sales and promotion of their art work. We seek to educate the public about Plains Indian traditional and contemporary art work. The Association was also formed because of our concern and consideration for the Museum of the Plains Indian, and the Friends help to keep the Museum open to the public.
