

AEGIS

SOL-SCREEN

NATURAL SUN PROTECTION

AEGIS: /'ĒJIS/ SHIELD OF ZEUS & ATHENA

*Sunscreen handcrafted for delicate ecosystem conservation & sensitive skin

*Fresh therapeutic aroma for conscientious travelers & nature enthusiasts

*Soothing, moisturizing, & healing natural oils relieve skin irritations while protecting from **SUN** overexposure

* **Aegis Sol-Screen Ingredients that Naturally Protect Us from the Sun:**

Raspberry Seed Oil: The highest of all natural ingredients, contains an estimated SPF of 30-50.

Shea Butter: An excellent skin protectant with an SPF of approximately 6-10.

Carrot Seed Oil: This is estimated to contain SPF levels of 30.

Wheat Germ Oil: While super nourishing for the skin, it too possesses a natural SPF of 20.

Coconut Oil contains an SPF level between 4-10.

Beeswax: This helps to add waterproof properties

This homemade recipe also contains Zinc Oxide, which gives it an overall **estimated SPF of around 15-25** (note: this has not been approved or tested).

*Store in a cool place or refrigerate between uses
