

The

VICTORY GARDEN

at the Brick Store Museum

LEARN MORE: WWW.BRICKSTOREMUSEUM.ORG | FACEBOOK: @BRICK STORE MUSEUM VICTORY GARDEN

A 2020 *NY Times* article reported on the importance of growing local in history. “The War Garden of 1918 prevented widespread starvation and became the Victory Garden of 1919.” Today, backyard gardens promote sustainability, nutrition, stress relief, community building, and foster an appreciation of the environment.

You are invited to celebrate this timeless tradition. Bring the family to our theatrical, historical presentation, a craft for children, garden tour, & tasting.*

Free and family friendly!

Sunday, July 30th, 2-4PM

Sign-up preferred or drop-in
