**Perfect Holiday for all ages!**

**I despaired to leave.**

**I cannot imagine a more perfect home!**

*This is the second summer that my family and I have rented this property for two weeks.*

*The home and grounds are perfect for three generations. (I am the mother/grandmother accompanied by my daughters and their husbands, and my two grandchildren, ages 11 and 14).*

*We all had an equally perfect time, both years!*

*The house is spacious such that we were not on top of each other. Yet, the rooms are large enough so we could all be together whenever we wanted.*

*There are spacious and beautiful bedrooms for both adults and for children.*

*There is also a handicapped accessible bathroom for those who need such facilities.*

*The kitchen has virtually all the cooking equipment any chef would want.*

*The house is filled with beautiful treasures, lovely books, and comfortable furniture.*

*The grounds are glorious.*

*The ocean views enchanting in any weather.*

*There are many animals to enchant one and all, including chipmunks who will eat out of your hand.*

*The property is a mile from Acadia National Park. Close to Main Street in Bar Harbor, and close to Northeast Harbor and Southwest Harbor.*

*Indeed, the property seems to have a soul.*

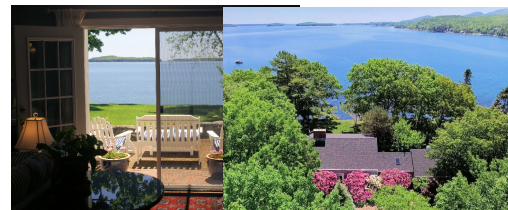

*When I arrived I felt as if I were returning home.*

*I despaired to leave.*

*I cannot imagine a more perfect home!*

**As beautiful as the pictures are, they do not come close to doing this property justice**

*We had the distinct privilege of staying at this beautiful property for a true family vacation, complete with three generations.*

*We had searched tirelessly for a rental property in the Bar Harbor/Acadia area to suit our needs, and thankfully stumbled upon the Hulls Cove property with a week open for our enjoyment.*

*As beautiful as the pictures are, they do not come close to doing this property justice-- they can't begin to convey not only the natural beauty inside and out of the home, but more importantly the peace and tranquility that we instantly felt upon entering.*

*The housekeeping staff did an extraordinary job of preparing the home for our arrival. Both the home and the grounds were pristine. The housekeeping staff had even gone the extra mile to add fresh flowers to every room and bathroom in the house—small touches like that are so rarely found but so greatly appreciated!*

*We were even lucky enough to arrive when the rhododendrons were in full bloom to further add to the charm of the home.*

*The home is perfectly located—just a few minutes from the main entrance to Acadia National Park, and no more than 10 minutes from downtown Bar Harbor.*

*Despite its close proximity to downtown, the home is situated in a secluded neighborhood, off a long, beautiful driveway, with the perfect amount of privacy.*

*Both young and old enjoyed the wildlife, especially the chipmunks!*

*Our first morning there I was able to wake up and view the most beautiful sunrise directly from my bed upstairs—incredible!*

*The house was expertly appointed with all the necessary amenities a vacationer could want or need.*

*We especially enjoyed the vast library collection and nightly family games in the cozy living room.*

*The grandparents in the family enjoyed their morning coffee on the beach deck each day.*

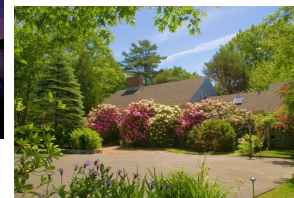

*Lastly, this review wouldn't be complete without mentioning the wonderful owner/manager, Mr. Dyer.*

*Not only was his attention to detail evident in his quick responses to any of our emails before our arrival, but his kind nature and fine character were evident as well—a gentleman in the truest sense.*

*If you have the opportunity to stay at this beautiful home, we highly recommend it!*

**Wonderful hospitality**

*We had a wonderful stay at Hulls Cove, and enjoyed the house and property immensely.*

*The animals themselves were lots of fun to feed and watch, and living at waters edge was a joy.*

*Thank you for the wonderful hospitality that your home offered, and for making our stay so easy and comfortable.*

**Perfect setting, breathtaking, joy, fabulous**

*I wanted to write and tell you again how much we enjoyed our time in Maine.*

*It was exactly the getaway and renewal needed.*

*You home was the perfect setting! The house and grounds were breathtaking.*

*Also, I can't explain how much joy and entertainment those little chipmunks provided.*

*The beds and linend were fabulous! And just the comfort we needed after our hikes – oh, and lots of hot water.*

*Thank you again.*

**Each person in our party of eight would highly recommend this home--of many vacation rental homes over the years, our favorite!"**

*Although we live in the West, if ever we are fortunate enough*

*to find ourselves near Acadia National Park in Maine again, we will know just where to stay.*

*This Hulls Cove home is perfectly appointed, beautiful, serene, and comfortable in every way. Though our party had come with the intention of seeing the national park, we joked more than once about forgetting our plans for Acadia in favor of remaining in the perfect oceanside setting and beauty of the home.*

*That said, this was the ideal, convenient location for visiting spectacular Acadia and the surrounding area.*

*The owner of the home, meticulous for detail, was beyond gracious, kind, and accommodating.*

*We were delighted to find the flag from our home state flying to greet us upon our arrival.*

*We felt in every way as though we were visiting the home of an old friend in the sense that everything we needed had been taken care of, the door was open, the lights were on, everything was perfectly clean and comfortable, and our favorite books were on the shelves.*

*Each person in our party of eight would highly recommend this home--of many vacation rental homes over the years, our favorite!"*

*Our stay at Hulls Cove was wonderful: the house is beautiful and so are the grounds and views.*

*A lovelier sunrise I have never seen.*

*The house is perfectly maintained with all amenities provided – down to deer, squirrel, and duck food!*

*It is very spacious and comfortable, and is beautifully furnished. It felt like being at home, rather than a rental property.*

*The location is very convenient for exploring Acadia National Park (minutes away!) And the area.*

*The owner was very helpful, before and throughout our stay.*

*We would definitely recommend this handsome house to anyone who appreciates beauty, comfort and quality, and would ourselves love to come back!*

**Great!**

*We spent a week in early September.*

*Like another reviewer, we arrived at the time of a full moon, the "super" moon.*

*Beautiful on the Bay!*

*Everything was great.*

*First time in Maine. Have spent many vacations in the Outer Banks. This home far exceeded any that we stayed at in North Carolina.*

*The house was immaculate. Very well equipped with everything needed.*

*The location is great – convenient to Bar Harbor, Acadia National Park, etc, – but still very private.*

*We especially enjoyed being able to relax in addition to seeing all the sights, eating out (and in).*

*Mr. Dyer was very accommodating. He definitely wanted us to have a great vacation.*

*Would recommend to anyone.*

### Perfect Coastal Maine Retreat

*This is a beautiful home situated on beautifully landscaped grounds overlooking the ocean near Acadia national Park and Bar Harbor Maine.*

*There is no five-star hotel that is anymore lovely, comfortable, or better situated than this home. It is lovely, exquisitely decorated and furnished, and perfectly equipped with room for three generations of one family.*

*The owners immediately responsive to any request. But the property is so well maintained that there is virtually nothing lacking when it comes to comfort and beauty, and there's nothing really to ask for beyond what is already provided.*

*The home is spotlessly clean inside. The grounds are pleasingly maintained outside.*

*There is an abundance of wildlife: deer, docks, chipmunks, and squirrels which delight young and old alike.*

*All any family needs to bring is their clothes, as all other items are provided, including sheets, towels, and high-end kitchen equipment and appliances.*

*Activities nearby include hiking and swimming in one of the most beautiful national parks in the country. And there are lovely restaurants in nearby Bar Harbor, Northeast harbor, and Southwest Harbor.*

*This home is one of the most beautiful and serene spots I ever stayed in.*

*So much so that we are planning to return next year for another two weeks.*

*I would recommend this property to anyone who loves beauty, ocean views, and the best of coastal Maine.*

*This property is amazing!!!*

*We were so fortunate as we arrived on a full moon interviews from the backyard underneath the canopy of the trees to the water was amazing!!*

*The accommodations were wonderful for family. We spent our mornings leisurely enjoying nature, breakfast on the outdoor patio . . . Couldn't have asked for more.*

*Close to everything.*

*Acadia national Park is just moments away as is Bar Harbor.*

*All rooms were large and comfortable. Large dining areas conducive to family get-togethers.*

*Our children are all in their 20s. So there was something for everyone close by: wineries, craft beer, hiking, and wonderful restaurants!*

**Perfect home for relaxing and enjoying Bar Harbor**

*We rented this home for two weeks at the end of May and into June 2015.*

*My only issue is, our schedule would not allow us to stay a month.*

*This amazing home is well-kept.*

*The owner was very attentive to our special requests and needs, both prior to and during our stay.*

*The home was close to everything we wanted to enjoy in Bar Harbor. But its location and grounds made us feel like we were away from it all.*

*We traveled with our married adult children. We had six adults, one 3-year-old, and two babies in our group. There was plenty of room for everyone.*

*The adults and our three-year-old granddaughter loved watching and feeding the wildlife in the property.*

*We enjoyed the days we spent relaxing at the home just as much as the days we got out and enjoy the area. If we could spend a month here every year we would!*

*I can sincerely say without hesitation we would rent this home again!*

*Amazing sunrise this morning.*

*Just wanted to say thank you so much for letting us stay at your wonderful residence – amazing is all I can say.*

**We have been gone from Hulls Cove now for a full week and I have to admit that I miss it terribly.**

**Everything we had hoped for and so much more. It is enchantingly perfect!**

*Most of all I miss those lovely creatures what you so generously shared with me.*

*The adorable red squirrels, the precious chipmunks that darted about all day long, the deer that fed throughout the night. (I would lay in bed awake waiting for the green light to come on and jump out of bed to see who was dining), the ducks who waited, but not patiently, for breakfast every morning and the birds who were gracious enough to share their food and cages with the red squirrel.*

*I cannot express to you how much we enjoyed your beautiful home.*

*All of our friends thought it was so inviting and loved every minute they were there. It was relaxing, peaceful and serene and afforded us many happy hours.*

*You were so kind when you said your home was a better place because we were there. I must tell you that I feel like a better person because I was there.*

*It certainly puts things in their proper perspective and you realize what is really important. You can't beat that beauty anywhere.*

Best wishes, Donna

*This has been an amazing holiday and your home has provided such a cozy place for us return every day after our many adventures.*

*One of our guests said this week that she would just as soon sit here and enjoy the warmth of this home.*

*The male fawn is alive and well and looking dapper with his set of small antlers. Mother Doe seems quite attached and watches him very closely.*

*Oh, I believe we met racoon Walter. He came out one evening by himself to dine and seemed to enjoy the menu selections.*

*The chipmunks are getting the nests filled to the brim with sunflower seeds. They should be well taken care for the winter.*

*The red squirrels are so cute and I would like very much to take one home. But I couldn't take them out of this wonderful environment and I don't think they would appreciate our heat and humidity.*

*I shall miss feeding these wonderful creatures, I believe, more than anything. But I have a lot of great pictures and memories.*

*It has been a wonderful treat to spend time here in this beautiful setting.*

*Take care and I hope you will keep in touch and let me know how all the "pets" are doing.*

*With much appreciation.*

Donna

Good evening:

*We have enjoyed two fabulous days, so much so I didn't even find the time to write you an e-mail.*

*The magic continues and yesterday I was in need of getting a prescription filled so went to the West End Pharmacy and what a blast from the past. They were so nice and accommodating.*

*They had to go find the prescription pad and while we waited for that, we found ourselves at that adorable fountain and were introduced to Lime Rickies and egg cream drink. What a find that was.*

*When they were finally able to locate the pad the lady hands it to me and tells me to just fill it out. You have to love it.*

*After that we left and drove all around Dessert Island. There are so many beautiful coves and inlets, one just more beautiful than the other. It was pure joy to take it all in.*

*Last night was another lobster dinner night and steaks for some. Truly a meal to remember.. We actually haven't seen any deer in a couple of days*

*but the little red squirrel and I have become best buds. I can actually talk him down from the very high limbs and it is just so endearing. However, he doesn't like to share with the other red squirrel. I assure him there is plenty for everyone but he doesn't seem convinced.*

*Enjoy the evening, it's beautiful one.*

*Donna*

*Good morning.*

*The sun has come out, the animals fed and all is well with the world.*

*Your lovely home is now beginning to feel like our home and we are enjoying every aspect of it.*

*Yesterday morning we had 12 ducks waiting for breakfast and this morning seven females were voicing their unhappiness, due to the fact that their breakfast had not yet been served.*

*The chipmunk was waiting for me at the kitchen door.*

*So I believe all the animals have gotten used to the new tenants and feel that we have been appropriately trained.*

*Waking up here each morning here is a joy and a blessing.*

*Donna*

*Good morning,*

*It's our second full day at Hulls Cover and already we have fallen in love with it.*

*Night before last we had two deer dining in the middle of the night, and as you mentioned, they nudge one*

*another and now we know why.*

*They were a delight to watch even at 1:00 a.m.*

*The chipmunks are a joy and they take their fill of the sunflower seeds but I have to say the little red squirrel has stolen my heart.*

*He seems to recognize my voice and doesn't run off but sits there and listens to me while he eats away. I truly believe he is just trying to humor me but I enjoy every second.*

*I forgot to mention that early this morning there were seven ducks waiting for breakfast. This morning the fog rolled in and was just beautiful.*

*We got some lovely photos of the a small fishing boat as the sun was pushing through the fog. The shades of gray were spectacular.*

*I know there are many lovely areas around here for us to see but I cannot believe that they are any more beautiful than your Hulls Cove.*

*The corn seems to be fine but I know we will need additional sunflower seeds s before the end of the three weeks. I don't want my new friends to go hungry.*

*I love that you cared for the animals during the harsh winter months and I am sure they appreciated your kindness to them.*

*Enjoy they day as I know we will.*

*Donna*

*We have arrived at Hulls Cove and It is everything we had hoped for and so much more. It is enchantingly perfect!*

*We arrived a little after 4:00. We were so excited to see the place and we walked around the grounds and soaked in the beauty that was before us.*

*We then went to find a grocery store and returned after 6:00 and went into the house for the first time. It is beautiful and so warm, cozy and inviting.*

*Everything was just as it should be. All we wanted to do was sit down and enjoy the view but duty called and we had to unpack the car and get settled.*

*The animals have been fed and I feel quite at home here.*

*The red squirrel has made himself known. The mallards have also shown their faces and we did see a beautiful doe while driving through the woods.*

*It has been a pleasure to work with you and I am so appreciative that your family is willing to share your lovely home with us.*

*Best to you.*

**What a charming house!**

*My husband, Tom and I have returned from our vacation in wonderful Maine and Chatham on Cape Cod hence this rather tardy e-mail.*

*My family and I thank you for a lovely stay in your very welcoming and comfortable home. The location was perfect; so beautiful and so Maine.*

*All of us from the baby to the grandparents enjoyed your picturesque home and grounds.*

*We also delighted in your interesting e-mails especially the soliloquy on the Asticou Inn. We had a delicious dinner there.*

*Once more, my second guess for your middle name is Barrymore. John Barrymore Dyer flows quite nicely.*

*Four-year-old Elsa was in tears on our last morning she did not want to leave. She loved feeding the animals: The chipmunks actually ate out of her hand.*

*We liked all the animals: They were entertaining.*

*We did many fun activities.*

*We hiked, had fantastic popovers with strawberry jam at the Jordan Pond House, went on a sunset sail on the Margaret Todd, ate fabulous lobsters, had blueberry pancakes at Jordan's on Cottage Street, and played on Sand Beach.*

*My younger son, Tim and I experienced sunrise on Cadillac Mountain. Surprisingly there were about sixty other nutty enthusiasts present.*

*Thank you for sharing your gracious home and for taking such good care of us.*

*We had a marvelous time!*

*Sincerely yours,*

*Paulette B.*

*What a charming house!*

*You have made it very comfortable and very interesting.*

*We're enjoying your prints, paintings, and objects d'art.*
