

First-Class, Intimate, Unique Adventure Tours of the Southern Maine Coast, Where Everyone gets a Front Row Seat!

BEST BOAT TOUR IN MAINE!

“We did the Nubble and Boon Island tour today with Capt. Gary and had a fabulous time. Gary and his mate Wes are extremely knowledgeable and enjoy sharing all kinds of information about the wildlife and the history of the lighthouses and coastal communities. The detour into Perkins Cove was an added bonus. We saw a sunfish in addition to seals and sea birds. The boat ride itself was quite an adventure! Will look forward to going out again next summer.”

WHALES, WHALES, WHALES!

“Captain Gary knows where to look for the whales and what a day we had! Humpback and Finback whale sightings as well as a huge pod of dolphins! Exciting to experience this from such a close vantage point and his knowledge of the ocean is endless. Great time was had by all. Thank you!”

#1 RECOMMENDATION FOR TOURISTS AND LOCALS ALIKE!

“I can’t say enough about how great this experience was- from start to finish! Captain Gary is full of experience and knowledge and stories that will keep you entertained but not in a typical tourist boat kind of way! The staff too, is knowledgeable, capable and extremely helpful. This adventure does not disappoint! The sights, the sounds, the smell of the salty air - you will be so happy you did!”

NEW ENGLAND ECOADVENTURE FAMILY TRIP

“Captain Gary knows where to look for the whales and what a day we had! Humpback and Finback whale sightings as well as a huge pod of dolphins! Exciting to experience this from such a close vantage point and his knowledge of the ocean is endless. Great time was had by all. Thank you!”

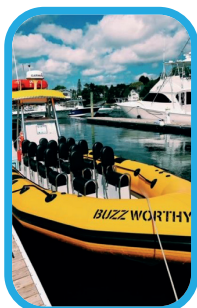

HIGHLIGHT OF OUR TRIP TO MAINE!!!

“We did the 1 hr thrill ride. What a ride! Awesome crew. Better than the Codzilla in Boston Ma. Or the Banana boat. We will be back next year to do the whale watch with you.”

PRIVATE CHARTER

“New England EcoAdventures was selected as an activity option for a corporate group that's been coming to Kennebunkport for years. In the past, we've done a different type of water-based activity and that boat was not available this year, so I went in search of something else water based. We were so happy to have found them! They were amazing to work with and made my job as a meeting planner super easy. Matt was super responsive to my needs and questions and my group really enjoyed the trip! We'll be back again for sure!”
