

TRIP IDEA:	GARDENS & LANDSCAPES	Northeast Harbor Downeast & Acadia Region	Maine
-------------------	---------------------------------	--	--------------

MORNING

Thuya Garden Lodge and Asticou Azalea Garden

Begin your day at these two exquisite and historic gardens. Access to the Gardens by way of the **Asticou Terrace Trail** is breathtaking!

Thuya Garden and the surrounding land is a wonderful blend of semi-formal English border beds and indigenous eastern Maine woodlands situated on a granite hillside overlooking Northeast Harbor. Tours of the gardens can be arranged in advance.

Note: Both properties connect to public paths and trails that also lead to the trails of Acadia National Park. Please consult trail maps and island guidebooks to plan a hike that can be combined with your visit to the gardens.

AFTERNOON AND DAY'S END

Take a break to enjoy the local tradition of tea and popovers at the **Jordan Pond House** (be sure to make a reservation ahead of time) or the **Asticou Inn**. Walk the trail around **Jordan Pond**, this is an easy hike with stunning views of steep glacial mountains.
