

# BEAU SE JOUR COTTAGE

'Beau Se Jour' is a two-bedroom, two bath cottage that was designed to be reminiscent of the shingle style cottages which have always been unique to Maine's seacoast. Sun filled rooms are tastefully decorated with vintage wicker, hooked rugs, and nautical accessories. Birch bark railings, a stone fireplace, and a moose-horn chandelier give this cottage a distinctive look and feel of an earlier time. Enjoy relaxing on the comfortable, large eat-in screened porch with panoramic ocean and mountain views. This beautiful setting is perched on Frenchman Bay, and has breathtaking views of Cadillac Mountain and Acadia National Park. A rare opportunity to enjoy a private beach for swimming, clam digging, and long walks along the endless shore.
