Set aside some time to explore a little American history and culture this 4th of July weekend. Hampton Hall Farm, a small organic farm specializing in heirloom fruits & vegetables, and home to the Durman family, is located right downtown Jefferson City, in the Mossy Creek Historic District. The Durman Family is inviting the community to come out and explore the bottom floor of the Reconstruction era Italianate mansion and the whimsical grounds. Bring a pic-nic, blanket, or chairs and relax in the shade to the sounds of great Americana music.

This is a FREE event.

Event is over at 6:00 pm
