

Norris Dam State Park Lenoir Museum Photo Gallery

Will G. and Helen H. Lenoir Museum

Will G. Lenoir donated much of the contents of the Museum to the State of Tennessee for permanent display. He collected for more than 60 years with a desire that the rapidly changing times not wipe out an appreciation of the hard work and ingenuity that were a part of the everyday life that was disappearing. It was not only the item, but also the stories of the people behind them he cared about. Mr. Lenoir enjoyed sharing his stories with Museum visitors until his death at 97.
